Victor Dollar, General Manager Four Points by Sheraton Ventura Harbor Resort

With balconies overlooking a serene California Gold Coast fishing harbor, the Four Points by Sheraton Ventura Harbor Resort is an idyllic spot for a vacation or conference.

But for General Manager Victor Dollar, the resort's many highlights were beginning to be overshadowed by a nagging problem – slow and unreliable Internet service. Especially worrisome for Dollar was a major conference hosted each year. "Given our Internet problems, we faced the very real possibility of this conference, and others, moving out of our hotel," explained Dollar.

Realizing he had to quickly and substantially upgrade his communications network, Dollar switched to Time Warner Cable Business Class. Today the resort has all the bandwidth they need with Dedicated Internet Access (DIA) provided over Time Warner Cable's bandwidth-rich, fiber-based, high speed network.

"Now, I'm receiving compliments about our Internet service," noted Dollar.
