

Improve the Quality of Patient Care

You can deliver quality patient care and meet ROI when you partner with Time Warner Cable Business Class.

Secure Patient Records: Maintain your data privacy and security, per HIPAA and HITECH guidelines as you digitize and transfer ePHI.

Establish Network Diversity: Privately-owned, dedicated network enables data replication and disaster recovery plans.

Enable Digitized Patient Care: Quickly increase your network capacity to transfer patient data and imagery.

Get Local Support: Work with a knowledgeable and trusted partner for 24/7 local support and expertise in designing Internet, Voice, Television, Network and Cloud solutions that align with budget, operations and administrative technology requirements.
