

03:13:51 AM

A patient in the exam room is experiencing fever, dizziness and shortness of breath.

Your organization needs fast, reliable access to EHRs for expediting patient diagnoses and treatment.

NOW IS THE TIME.

02:21:48 PM

A patient needs to be evaluated by a specialist in another city.

You need to collaborate securely to ensure patient privacy.

NOW IS THE TIME.

09:17:03 PM

Your network has to support the growing needs of your patient care delivery system.

You need a network services partner for where you need to be today. And where you want to be tomorrow.

NOW IS THE TIME.

Enhance the boundaries of your healthcare organization seamlessly and securely with **Time Warner Cable Business Class Healthcare Solutions.**

Secure and Grow Your Care Delivery Network

Digitize and transfer patient data securely to satellite hospital locations, affiliated doctors, clinics, labs, and remote patient sites.

Maintain Your Data Privacy and Security

Work with a Partner that will help adhere to HIPAA and HITECH guidelines as you digitize and access EHRs across your various locations.

Share Data and Patient EHRs

Rapidly act on information by collaborating at the point of care or with specialists and other healthcare providers online.

Deploy New Patient Care Delivery Systems

Engage patients and partners with emerging telemedicine applications that promote prevention, improve patient care and cost savings.

Scale the Bandwidth You Need

Flexible, fiber-rich connectivity can easily be scaled up to 10 Gbps* to quickly increase network capacity to meet future needs.

Support Continuity of Operations

Benefit from our resilient privately-owned network that offers a route diversity alternative to the incumbent and competitive local exchange carriers to ensure maximum uptime for your hospital or healthcare operation.

**Ethernet and Dedicated Internet Access*

Ranked #1 in Customer Loyalty by

FROST & SULLIVAN
