

BUSINESS INTERNET

Businesses need fast, reliable Internet service to use the technologies that have become vital for success in today's marketplace. High bandwidth is required to run applications such as cloud-based services, file sharing, video streaming and VoIP – and to also support multiple users simultaneously downloading files and sending email.

With a variety of speed tiers up to 300 Mbps, Business Internet from Time Warner Cable Business Class is a high-performance Internet service that meets the needs of businesses of all sizes, helping you increase productivity while providing you with a reliable connection delivered over our fiber-rich network.

Productivity

- Faster file transfers means less wait time, so you can move on to other tasks.

Scalability

- Easily upgrade bandwidth as necessary to meet your evolving business needs.

Get in the Cloud

- Take advantage of cloud and VoIP-based applications for more cost savings and efficiencies.

Customizable Solution

- Choose from a wide selection of speeds and optional add-on services to meet your unique business needs.

Reliability

- Enjoy peace of mind with service delivered over TWCBC's secure, 99.9% reliable fiber-rich network.

Expert, Hassle-Free Installation and Support

- Count on flexible installation schedules – without disruptions to your business operations – and 24/7 support from our knowledgeable teams.

Greater Savings with Bundling

- Take advantage of greater cost savings by bundling Business Internet with our Phone, Television and Cloud solutions.

Simplify Your Business

- Get all of your communications services from one company with one bill and one point of contact.

* Available with 2 Mbps upload speed or greater.

All products and services not available in all areas. Some restrictions apply. Actual speeds may vary. Subject to change without notice. Network reliability is calculated as the number of minutes the TWC premises equipment is online divided by the total number of minutes in the month minus the total number of minutes that were part of planned maintenance activities. TWC WiFi® Hotspot requires purchase of High Speed Internet service at same location.
